

ABOUT ALUMNI

The outstanding contribution made by our alumni through the Bonam Venkata Chalamayya Engineering College, Odalarevu BVC Engineering College Old Students Association (BECOSASO) has enhanced the reputation and pride of our college. We have BECOSASO NEPAL Chapter also. The mission of the BECOSASO is to promote the interests of our organization as a standard of academic excellence by strengthening the ties of goodwill and communication between the Institute, its alumni and current students, and by maintaining programs to serve their needs. Once a year, there is an alumni meeting where former undergraduate and graduate students share their perspectives with their juniors and offer suggestions for improving the general development, including the curriculum.

The Institution receives frequent visits from alumni who give guest lectures on career advice in their fields of expertise and inspire the students. They are invited to meetings at the institution, where they speak with their professors and offer suggestions for changing the curriculum. Through numerous networking platforms, alumni support is provided in a variety of ways, including making suggestions, providing input on the current curriculum, providing updates on new trends, etc. The Alumni Coordination Cell contributes significantly to the development of the institution through financial and other support services.
