DEPARTMENT OF CIVIL ENGINEERING
PROGRAMS FOR SLOW LEARNERS

Remedial Classes: Conduct extra classes focusing on difficult subjects and concepts to help slow learners grasp the fundamentals and improve their academic performance.

Peer Tutoring: Implement peer mentoring programs where advanced learners help slow learners by explaining concepts in a simplified manner and providing personalized support.

Counseling and Motivational Sessions: Organize regular counseling sessions to understand the challenges faced by slow learners and conduct motivational workshops to boost their confidence.

Customized Learning Materials: Provide simplified and focused study materials, video lectures, and other e-learning resources tailored to the needs of slow learners, ensuring they progress at their own pace.

Flipped Classroom Approach: Implement a flipped classroom model where slow learners can watch recorded lectures at home at their own pace, and classroom time is used for interactive problem-solving and discussions to reinforce their understanding of key concepts.

Study Groups and Group Discussions: Form study groups where slow learners collaborate with peers to solve problems and clarify doubts. Group discussions can encourage interaction and help them understand complex topics through peer-to-peer learning.

Bridge Programs on Basic Concepts: Offer special bridge programs that focus on strengthening the basic concepts of subjects like mathematics, physics, and core engineering courses, which are often prerequisites for advanced topics in the curriculum.

Time Management and Study Skill Workshops: Conduct workshops that focus on teaching time management, effective study techniques, and exam strategies tailored to the learning styles of slow learners to help them manage their studies more efficiently.

DEPARTMENT OF CIVIL ENGINEERING

S.NO	SCHDULE	NAME OF THE PROGRAM	REMARKS
		**PROGRAMMES FOR SLOW LEARNERS**:	
1.	S-1	**Remedial Classes:** Conduct extra classes focusing on difficult subjects and concepts to help slow learners grasp the fundamentals and improve their academic performance.	
2.	S-2	**Peer Tutoring:** Implement peer mentoring programs where advanced learners help slow learners by explaining concepts in a simplified manner and providing personalized support.	
3.	S-3	**Counselling and Motivational Sessions:** Organize regular counselling sessions to understand the challenges faced by slow learners and conduct motivational workshops to boost their confidence.	
4.	S-4	**Developing self-learning materials** (SLM) by Additional learning opportunities though online sources like YouTube, educational blogs etc.
